Our Services

In life you can plan for most situations however, there are times when the unexpected occurs when you're least expecting it. Caretric Solutions operates an efficient 24/7 service model, this means that when a unplanned electrical event take place at home, the office or larger domestic premises we're here to resolve the situation, no matter the day, time or its complexity.

Mechanical

We offers mechanical fabrication services to various industries. Our experienced team of engineers and technicians can design and fabricate mechanical parts and components according to custom specifications and requirements.

Electrical

We offers Electrical and field services to various industries. Our experienced team of engineers, electricians and technicians can provide custom electrical solutions for their clients, from design and installation to maintenance and repair.

Automation

We offers a comprehensive range of automation services to various industries. Our team of experienced engineers and technicians can design, install, and maintain automation systems to help their clients improve their operational efficiency, reduce costs, and increase productivity.

We believe in solutions not fixes

ELECTRICAL & FIELD SERVICES

Caretric Solutions possesses the proficiency to provide turnkey projects for the supply and services of Electrical and Instrumentation (E&I) with the utmost commitment to quality standards.

- Engineering Services in the field of Electrical Instrumentation and Control systems.
- Process Control Instrumentation
- Designing & Manufacturing of Low-Voltage (LV) Switchgear Panels
- Field Services in the areas of Electrical and Industrial Automation
- Designing & Manufacturing of Motor Control Center & Control Systems
- MEP Services in the Infrastructure Projects
- Engineering Design
- Project Management
- Total turnkey solutions for electrification
- Supply & Execution of complete electrical work.

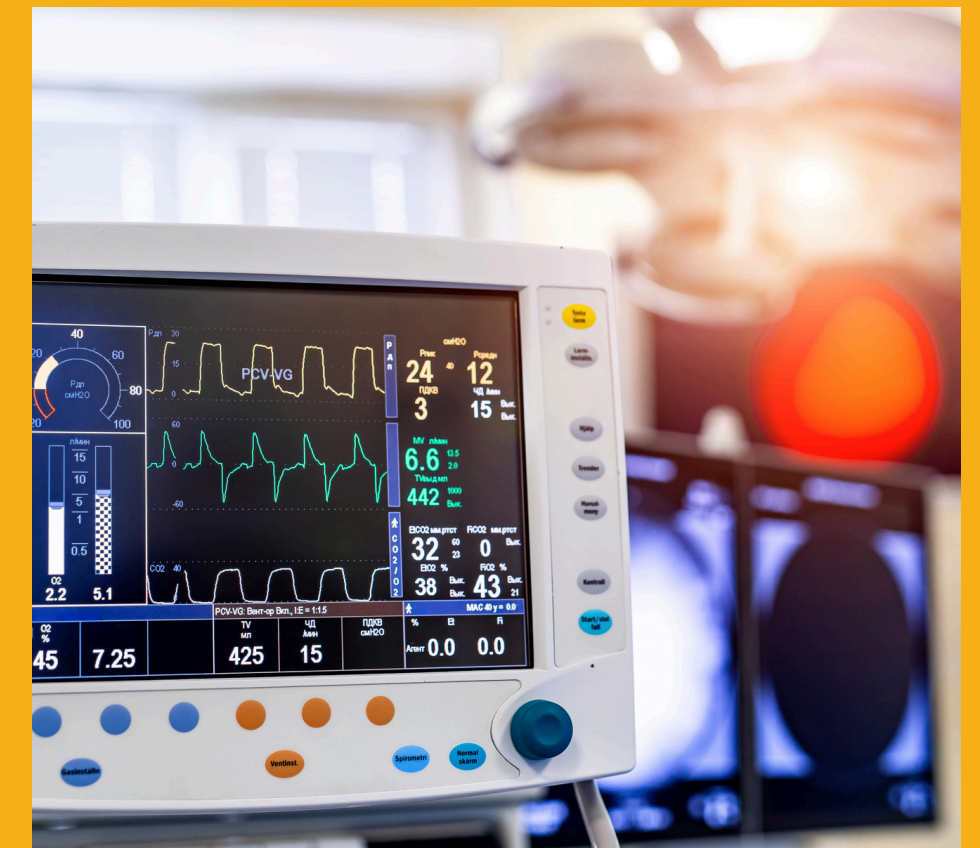

We believe in solutions not fixes

AUTOMATION

Our Automation solutions are strategically designed to boost your profitability. Automation, in essence, involves the integration of control systems that encompass machines, actuators, sensors, processors, and networks. The primary aim is to execute tasks seamlessly, with a key focus on automating production processes. This results in heightened precision, efficiency, and overall operational excellence. Our mastery extends across various automation systems, including but not limited to:

- Drives
- SCADA (Supervisory Control and Data Acquisition)
- HMI (Human-Machine Interface)
- DCS (Distributed Control System)
- PLC (Programmable Logic Controller)
- CNC (Computer Numerical Control)
- Robotics

We believe in solutions not fixes

Mechanical

Steel Structure Design

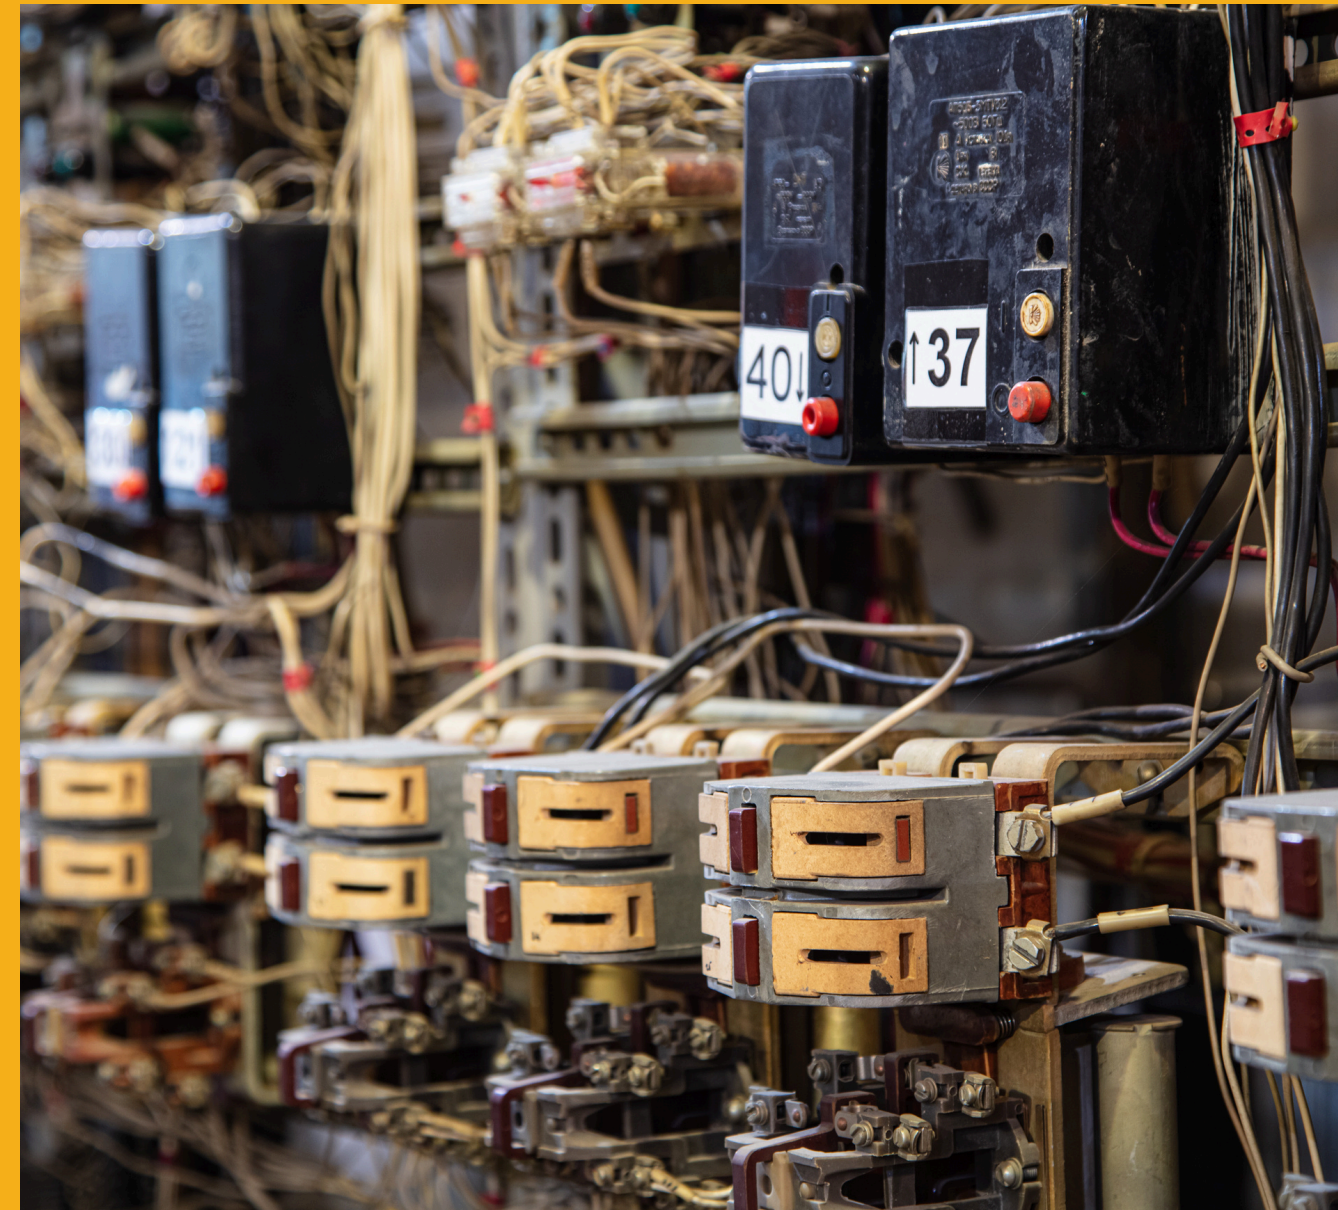

Develop the design for the plant's steel structure, encompassing the following features:

- Equipment Pads
- Radial Gate Design
- Pump House Structures
- Platforms and Pipe Racks
- Workshop & Warehouse Sheds
- Structure for Overhead Cranes
- Telecom Tower Structures

Mechanical Fabrication & Erection

Installation, Erection, and Commissioning of Mechanical Fabrication:

- Heavy Lift Engineering
- Equipment Installation
- Piping Fabrication & Installation
- Piping Layout with Sectional Details
- Piping Isometrics
- Bill of Material of Plant Piping
- Piping Supports

We believe in solutions not fixes

Our Projects

- Punjab Forensic Agency Lahore
- HIGHNOON LAB LIQUID SECTION AREA
- NBP MAIN BRANCH LAHORE
- KYOTO MEDICAL CENTER FAISLABAD
- SA CERAMICS FAISLABAD
- UNILIVER OFFICE TRICON TOWER LAHORE
- Coca Cola Head Office Pakistan

We believe in solutions not fixes

Punjab Forensic agency Lahore (Training Lab)

- Installation testing & commissioning of complete electrical works at Punjab Forensic Science Agency Lahore, Details are given below
- Installation testing & commissioning of complete LT & MV Switchgear.
- Installation testing & commissioning of UPS
- Installation testing & commissioning of Generators.
- Fabrication & Installation of cable trays
- Installation testing & commissioning of grounding & bonding system
- Installation Testing & commissioning of complete power cables.
- Installation Testing & commissioning of complete General wiring for raw power & lighting fixtures.
- Installation testing & commissioning of fire alarm system
- Installation testing & commissioning of Public address system
- Installation testing & commissioning of Access control system
- Installation testing & commissioning of Data & voice system
- Installation testing & commissioning of CCTV system
- Installation testing & commissioning of WIFI system
- Installation testing & commissioning of electrical works for complete hvac system

Project Scope

Punjab Forensic agency lahore (Training Lab)

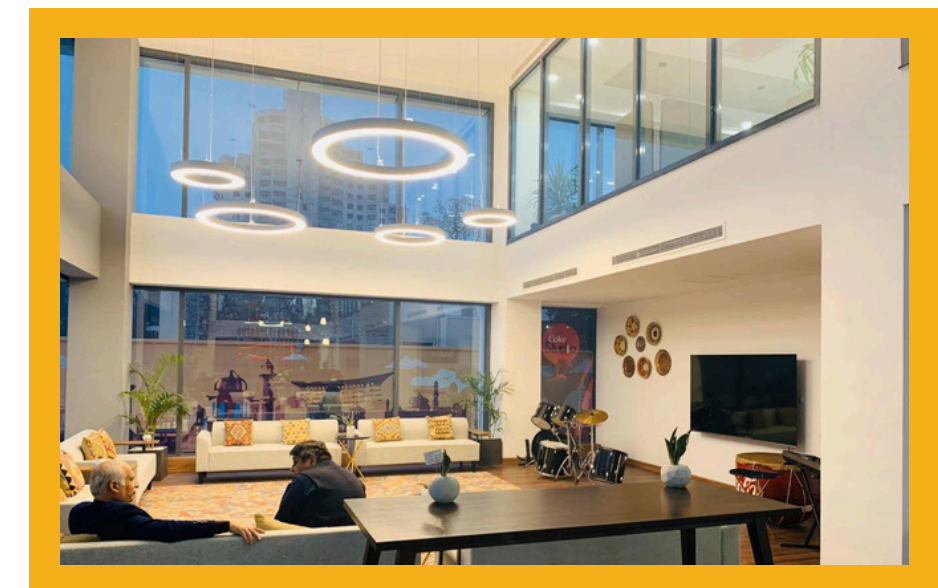

We believe in solutions not fixes

Project Scope

Coca Cola Head Office Pakistan

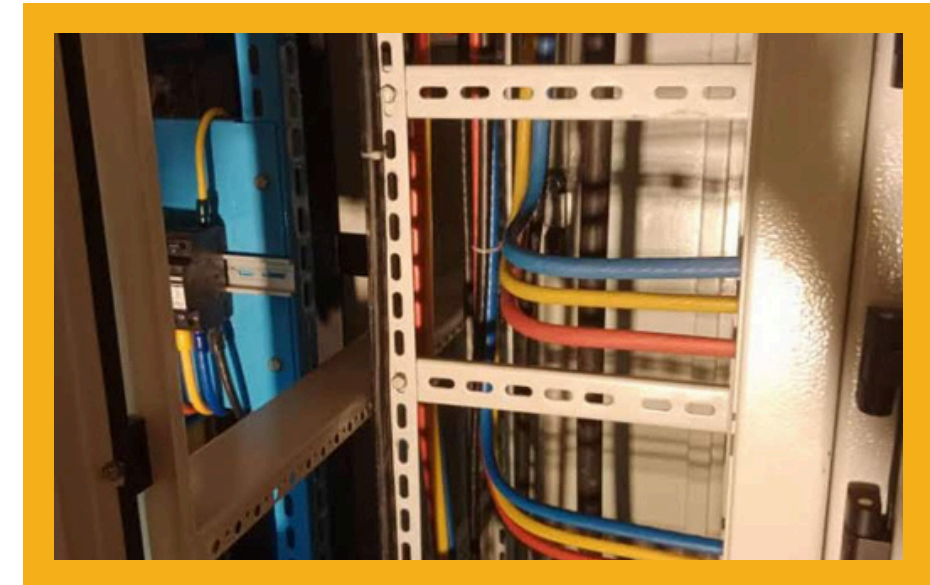

Execution of Complete Electrical Works AT Coca Cola Head Office Pakistan.
Supply & Execution of complete electrical work.

Project Scope

HIGHNOON LAB LIQUID SECTION AREA

- Supply and installation of complete electrical works at highnoon lab liquid section.
- Supply and installation of cable trays.
- Supply, installation, testing & commissioning of power cables.
- Supply, installation, testing & commissioning of general wiring & fixtures.
- Supply, installation, testing & commissioning of fire alarm system.
- Supply, installation, testing & commissioning of data & voice system.
- Supply, installation, testing & commissioning of CCTV system.
- Supply, installation, testing & commissioning of UPS.

We believe in solutions not fixes

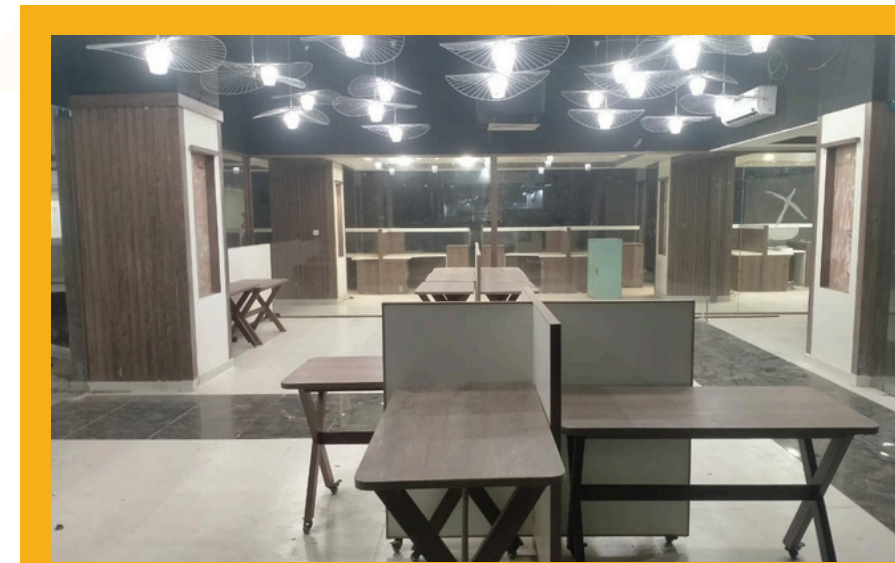

Project Scope

NBP MAIN BRANCH LAHORE

- Supply & Installation of complete electrical works at NBP Main Branch Lahore.
- Supply, installation, testing & commissioning of complete switchgear.
- Supply and installation of cable trays.
- Supply, installation, testing & commissioning of power cables.
- Supply, installation, testing & commissioning of general wiring & fixtures.
- Supply, installation, testing & commissioning of fire alarm system.
- Supply, installation, testing & commissioning of data & voice system.
- Supply, installation, testing & commissioning of CCTV system.
- Supply, installation, testing & commissioning of QUEUE MANAGEMENT system.
- Supply, installation, testing & commissioning of UPS.

NBP MAIN BRANCH LAHORE

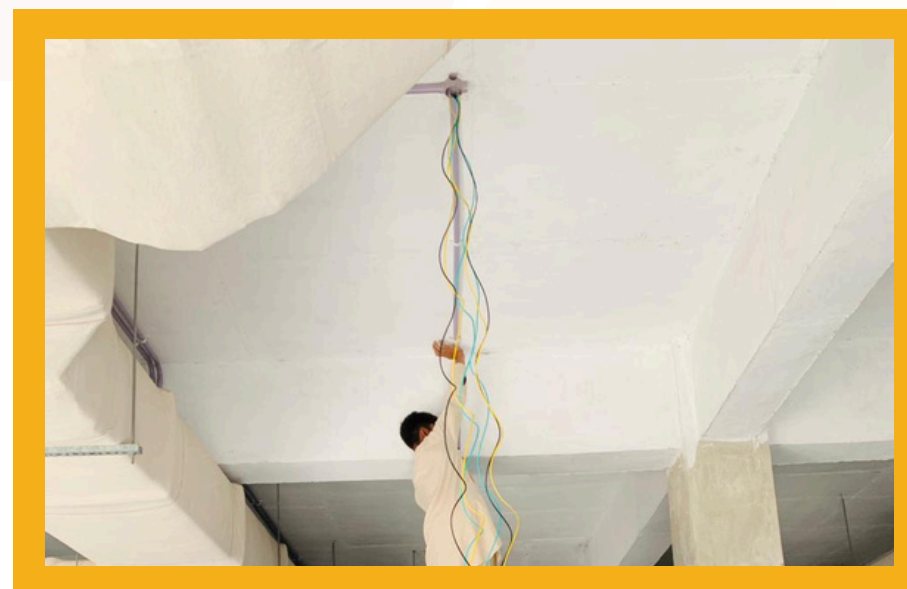

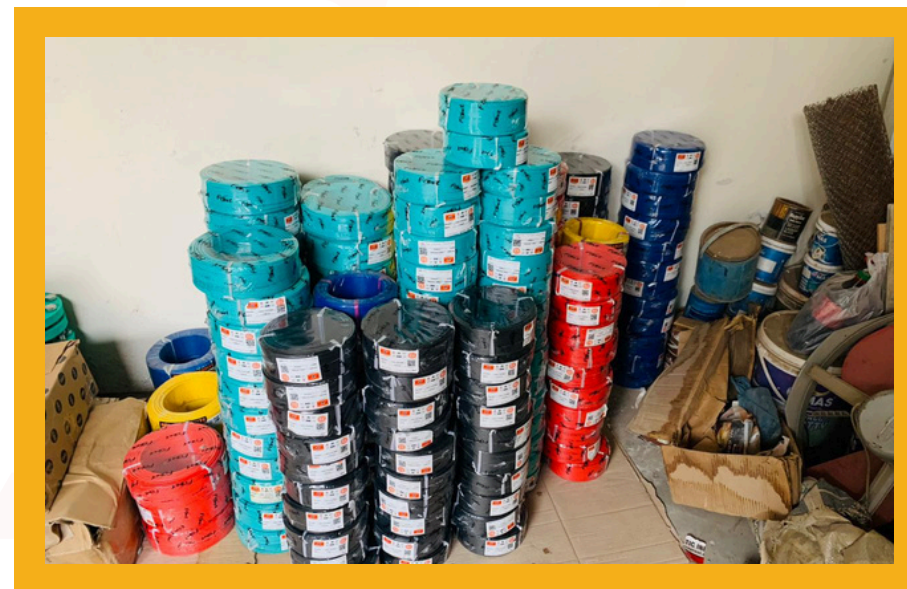

Ongoing Projects:

KYOTO MEDICAL CENTER FAISLABAD

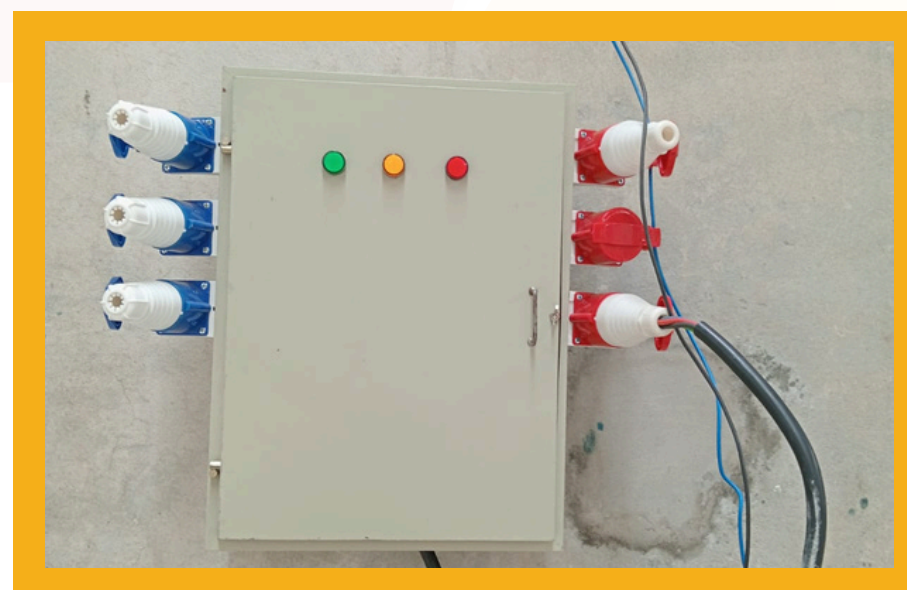

DESIGN & EXECUTION OF COMPLETE ELECTRICAL & IT WORKS AT KMPL FSD.

Ongoing Projects:

SA CERAMICS FAISLABAD

DESIGN & EXECUTION OF COMPLETE ELECTRICAL & IT WORKS AT SA Ceramic Faisalabad.

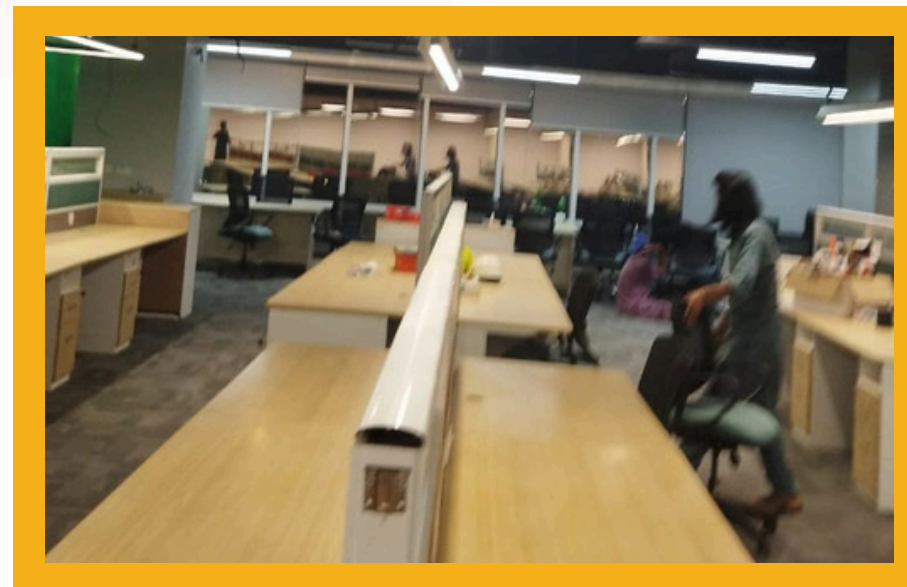

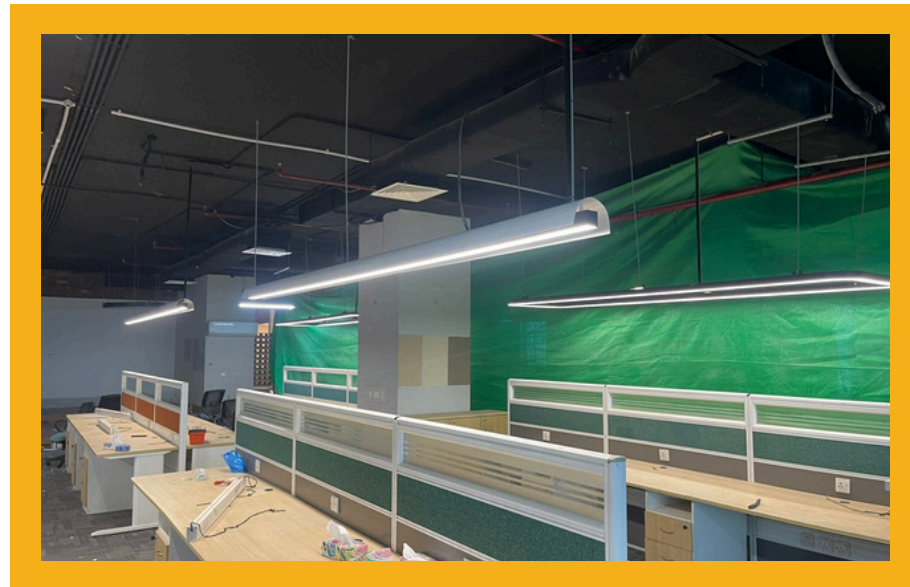

We believe in solutions not fixes

Ongoing Projects:

UNILIVER OFFICE TRICON TOWER LAHORE

EXECUTION OF COMPLETE ELECTRICAL WORKS AT UNILIVER OFFICE.

We believe in solutions not fixes

Reaction, Satisfaction, And Itention

Reaction

Engage with Caretric Solutions and experience an immediate reaction to innovation and excellence. Our solutions elicit positive responses by seamlessly integrating cutting-edge technology and sustainable practices. We are committed to sparking a transformative reaction in industries, ensuring our clients stay ahead in an ever-evolving landscape.

Satisfaction

Your satisfaction is our foremost priority at Caretric Solutions. We take pride in delivering bespoke services that not only meet but exceed your expectations. Our commitment to excellence, reliability, and client-centric solutions ensures a level of satisfaction that forms the foundation of enduring partnerships. approach.

Itention

Caretric Solutions is driven by a clear intention – to shape the future of electric, mechanical, and automation services. With CEO Sajjad Hussain at the helm, our intention is to lead with innovation, foster sustainability, and anticipate industry needs.

We believe in solutions not fixes

Contact Us

We value your inquiries and are here to assist you. Whether you have questions about our services, want to discuss a potential collaboration, or need more information, feel free to reach out. Our dedicated team at Caretric Solutions is ready to provide prompt and personalized support.
